

AD88, AP88 stepper motor with terminal box in protection class IP54

AD88 and AP88 dimensioned drawing for flange size 86

Connector assignments

AD88 D-SUB 9-pin (installed)	Pin assignments AD88M3204 AD88L4704	Pin assignments AP88M6404, AP88L9504
UNC4-40x5 IN	1 - 1A 2 - 2A\ 3 - 1B 4 - 2B\ 5 - NC 6 - NC 7 - [Brake +24V] 8 - [Brake GND] 9 - NC	Serial Parallel * 1 - 1A 2 - 1A\ 3 - 2A 4 - 2A\ 5 - 1B 6 - 1B\ 7 - 2B 8 - 2B\ 9 - NC

Ordering key: AD88L3204 - □ - A

D = D-SUB plug connection

P = PG screw connection

XX = Standard

MX = Brake BW(1.4NM)

AD.., AP.. = protection class IP54

Protection class IP65 on request

Suitable connecting cable - see page 92

Md characteristic curves for all models at www.nanotec.de

Available output sizes (others available on request)

Model	Current (A/phase)	Holding torque (N cm)	Resistance (Ohms/phase) + -10%	Inductivity (mH) + - 20%	Rotor moment of inertia (g cm ²)	Weight (kg)	Length "A" (mm)	Options (with encoder and brakes on request)
